

STATE OF HAWAII - DEPARTMENT OF TAXATION
INSTRUCTIONS FOR FORM N-330
SCHOOL REPAIR AND MAINTENANCE TAX CREDIT

GENERAL INSTRUCTIONS

Note: *If you are claiming the Ethanol Facility Tax Credit, no other credit can be claimed for the same taxable year.*

Section 235-110.2, Hawaii Revised Statutes (HRS), allows each taxpayer licensed under chapter 444, 460J, or 464, HRS, who is subject to Hawaii income taxes, and who does not owe delinquent taxes, penalties, or interest, a nonrefundable credit for the value of contributions of in-kind services for the repair and maintenance of public schools provided by the licensed taxpayer in Hawaii. The credit shall be deductible from the taxpayer's net income tax liability, if any, for the taxable year in which the credit is properly claimed.

The amount of the credit for the taxable year shall be equal to ten per cent of the value of contributions of in-kind services to the Hawaii school repair and maintenance fund for that taxable year; provided that the aggregate value of the contributions of in-kind services claimed by a taxpayer shall not exceed \$40,000.

For purposes of the credit:

"Value of contributions of in-kind services" means the fair market value of uncompensated services or labor as determined and certified by the Department of Education.

"Public schools" has the same meaning as defined in section 302A-101. (All academic and noncollege type schools maintained by the Department of Education in accordance with law.)

The credit allowed shall be claimed against net income tax liability for the taxable year. A tax credit which exceeds the taxpayer's income tax liability may be used as a credit against the taxpayer's income tax liability in subsequent years until exhausted.

All claims for tax credits, including any amended claims, shall be filed on or before the end of the twelfth month following the close of the taxable year for which the credits may be claimed. Failure to comply with the foregoing provision shall constitute a waiver of the right to claim the credit.

The Department of Education shall maintain records of the names of taxpayers eligible for the credit and the total value of in-kind services contributed for the repair and maintenance of public schools for the taxable year. All contributions shall be verified by the Department of Education. The Department of Education shall total all contributions that the Department certifies. Upon each determination, the Department of Education shall issue a certificate to the taxpayer certifying:

- (1) The amount of the contribution;
- (2) That the taxpayer is licensed under chapter 444, 460J, or 464; and
- (3) That the taxpayer has obtained a current and valid certificate signed by the Director of Taxation, showing that the taxpayer does not owe the State any delinquent taxes, penalties, or interest.

The taxpayer shall attach the certificate from the Department of Education to the taxpayer's tax return. When the total amount of certified contributions reaches \$2,500,000, the Department of Education shall immediately discontinue certifying contributions and notify the Department of Taxation.

The State shall provide not more than \$250,000 in tax credits for contributions of in-kind services in Hawaii for the repair and maintenance of public schools.
